What is SKAL and the Larry J. May Hospitality Management Scholarship Fund?

SKAL

SKAL is a professional organization of tourism leaders around the world promoting global tourism and friendship. It is the only international group uniting all branches of the travel and tourism industry. Its members, the industry's managers and executives, meet at local national, regional and international levels to discuss and pursue topics of common interest.

The first club was founded in 1932 in Paris by travel managers, following an educational tour of Scandinavia. The idea of international goodwill and friendship grew and, in 1934, the "Association International des SKAL Clubs" was formed with Florimond Volckaert as its first President, who is considered the "Father of SKAL".

SKAL International today has approximately 15,000 members in 400 clubs throughout 80 nations. Most activities occur at a local level, moving up through National Committees, under the umbrella of SKAL International, headquartered at the General Secretariat in Torremolinos, Spain.

SKAL International is governed by an Executive Committee of six members, elected by delegates to an annual General Assembly, held during the World Congress, hosted by a different country each year. This allows members first-hand observation of the travel and tourism potential around the world.
The Boise SKAL Club was founded in 2002.
